AI-Assisted Incident Response

Team Response Worksheet (Grades 6-8)

Your Name: _____ **Date:** _____

Team Members: _____

Your Role: [ ] Incident Commander [ ] SOC Analyst [ ] Threat Intel [ ] Communications

The Incident

Review your scenario briefing and complete this section:

Incident Type: _____

Initial Alert Time: _____ **Systems Affected:** _____

Severity Level: [ ] Critical [ ] High [ ] Medium [ ] Low

Phase 1: Initial Assessment (10 minutes)

My Role's Initial Observations

What I noticed from the evidence:

_____

_____

_____

Questions I have:

1. _____

2. _____

AI Consultation

My AI question:

_____

AI's response (key points):

_____

_____

What AI acknowledged it couldn't determine:

_____

Phase 2: Response Planning (15 minutes)

Team Findings Summary

SOC Analyst reported:

_____

Threat Intel reported:

_____

Communications Coordinator identified stakeholders:

_____

Decision Log

Decision Point	Options Considered	AI Recommendation	Our Decision	Rationale

Our Response Plan

Immediate actions (next 30 minutes):

1. _____
2. _____
3. _____

Stakeholder notifications:

- Who: _____ Message: _____
- Who: _____ Message: _____

Phase 3: Response Execution (15 minutes)

Complication #1

What happened:

_____

How we adapted:

_____

Complication #2

What happened:

_____

How we adapted:

_____

Updated Plan (if changed)

_____

_____

Phase 4: After-Action Review

Team Debrief

What went well?

_____

_____

What was challenging?

_____

_____

How did AI help our response?

_____

_____

What could AI NOT help with?

_____

_____

Individual Reflection

What I contributed in my role:

_____

_____

What I learned about incident response:

_____

_____

What NICE Framework careers do this kind of work?

_____

Would I want to do this as a career? Why/why not?
